## **NRG and Sandia National Laboratories file new patent for Oil Recovery**

Thompsons Station, TN, March 5, 2014 – NRG Systems, Inc. (“NRG”) announced today the filing a new US patent application titled “Financial Methods For Waterflood Injectate Design” that results from collaboration with Sandia National Laboratories (“Sandia”) under the parties CRADA announced in October 2013.

In their application the inventors, **Patrick V. Brady, Ph.D.** (Senior Scientist at Sandia National Laboratories) and **Helmuth J. Heneman** (President of NRG), propose methods for evaluating proprietary hydrocarbon recovery techniques with an eye to maximizing present value. New methods for recovery are also proposed.

*NRG Systems, Inc. is a privately held Delaware corporation established in 1989, providing technology development solutions for the global energy industry.*
